

EXPORT DEPARTMENT

International Freights

In Manufacturas Lenin, we are always looking for your best option for packaging, handling and transportation.

We offer a wide variety of options for your shipment.

Therefore, we have committed specialized companies that offer great rates giving 100% satisfaction, we pride ourselves provide the best quality of service to our customers

Packaging Export

While countries are increasing their levels of custom security adding hassle to import products, Manufacturas Lenin places at your disposal an easy Export Packaging system for handling and shipping your machinery.

This export packaging is made using the highest quality wood there is available, constructed entirely of high standard specifications and certifications.

Shipment by Container

To give you more confidence and security through the shipment process we recommend to use a container.

After closing the doors, you can guarantee that your Tortillas Machine will not be mishandled until it has reached its destination, this is the best option for your shipment

International Experience

Through our 25 years of experience, we are providing the best quality of Tortillas Machine available in the market.

Today, we have customers in over 32 countries around the world

We would like to invite you to be part of our network of clients, we have a commitment with our clients to provide an excellent service offering the best option for your business of dough and tortilla.
